**JUSTICE TO DR. RICHARDSON.**

To the Editor:

We hasten to reply to an article appearing on page 298, Vol. 17, No. 8 of the California State Journal of Medicine, under the caption, "Injustice to a State Society Member," in the hope that the confusion incident to a similarity of names may be righted.

The alphabetical index of the 1919 Directory of Physicians and Surgeons, Osteopaths, Drugless Practitioners, Chiropradists, Midwives, holding certificates issued under the Medical Practice Acts of the State of California, lists:

- (1) George Henry Richardson.....San Francisco
- (2) George Henry Richardson.....Los Angeles

A star in the alphabetical index is placed before the name of George Henry Richardson, San Francisco, which denotes government service, but such a designation does not appear before the name of George H. Richardson of Los Angeles.

By reference to the San Francisco county classification, as printed therein, you will note that:

(1) George Henry Richardson—San Francisco, a graduate of the University of Pennsylvania, May 1, 1891, holds license No. 6091 issued May 7, 1891, which entitles the holder thereof to practice medicine and surgery in the State of California. The records of the Board of Medical Examiners manifest the patriotic activities of Dr. Richardson during the period of the war and his estimable standing as a reputable practitioner.

By reference to the Los Angeles county classification it will be noted that:

(2) George Henry Richardson—108 W. 2d St., Los Angeles, a graduate of the Chicago Homeopathic Medical College, Ill., March 24, 1891, holds certificate 394 issued July 2, 1891, by the Board of Examiners of California State Homeopathic Medical Society, which during the time the certificate was in good standing, entitled the holder thereof to practice medicine and surgery in the State of California.

By reference to page 1434, of the official minutes of the Board of Medical Examiners, under date of March 19, 1919, it appears that George Henry Richardson, charged with a violation of subdivision 1, Section 14 of the Medical Practice Act, was adjudged guilty, after a hearing wherein all testimony was presented to the board then in regular session, and the license heretofore issued said George Henry Richardson entitling him to practicing medicine and surgery in the State of California, was revoked.

Trusting that the above explanation may clarify the confusion which has arisen due to the similarity of names of the licentiates as noted, we beg to remain,

Yours very truly,

CHARLES B. PINKHAM,

Secretary-Treasurer.

San Francisco, Cal., August 15, 1919.
